

Smoke-Free Outdoor Dining

Reduce exposure to secondhand smoke for your employees and customers.

MOTAC is working to educate the community in Douglas County about the benefits of smoke-free outdoor dining, bars and service areas. We encourage restaurant and bar owners and managers to consider the benefits of a smoke-free policy.

We recognize those who adopt a smoke-free outdoor dining policy by highlighting the establishment on our social media.

smoke-free outdoor dining policy

We're Here to Help

If you are a restaurant or bar owner interested in implementing a smoke-free outdoor dining policy, or if you already have a policy and we haven't included you on our list, please let us know!

The Metro Omaha Tobacco Action Coalition (MOTAC) formed in 1992 to strengthen tobacco prevention and control efforts in the Omaha metro area.

We lead Douglas County in addressing nicotine and tobacco-related issues through:

- Public policy
- Education
- Community action

As we work to pass policy, develop programs and spread campaigns, we can always use your help.
